

MASSACHUSETTS CHAPTER OF THE ENERGY SERVICES COALITION MEETING

SEPTEMBER 23, 2009

SIEMENS BUILDING TECHNOLOGIES

85 JOHN ROAD

CANTON, MA 02021

10:00 AM – 2:00 PM

REGISTER ONLINE TODAY AT THE ENERGY SERVICES COALITION

The Energy Services Coalition is a national non-profit organization composed of a network of experts from a wide range of organizations working together at the state and local level to increase energy efficiency and building upgrades through energy savings performance contracting.

The Massachusetts Energy Services Coalition Chapter is dedicated to providing an outreach program that provides information and education on performance contracting.

WHO SHOULD ATTEND?

- Energy service companies
- Finance companies
- Building owners
- Technical services providers
- Equipment suppliers
- Others that support expanded delivery of energy efficiency through performance contracting
